APRIL MEETING NOTICE

TUESDAY, APRIL 23, 2019

STUDENT NIGHT

Please come join us for another great ASHRAE Orange Empire meeting this March 23rd! Bring your younger teammates to gain some perspective and insights for their future career.

TECHNICAL SESSION

**DESIGNING FOR DESIGN-BUILD,
REDUCING DESIGN TIME, AND
CONTRACTOR COSTS**

This month's technical session will be presented by Darren Smith, P.E., LEED AP. 🍊

DINNER PROGRAM

**SOFT SKILLS AND KEYS TO SUCCESS...
FROM ONE PERSON'S PERSPECTIVE TO
ANOTHER**

In this presentation our speaker, Larry Sun, will focus on things that aren't directly taught in school, or even on the job, but are absolutely critical to success in any career. He'll expand on lessons-learned, how to deal with inevitable challenges, speed bumps, and road blocks everyone will encounter along the way.

What are the key ways to build client relationships? How do you resolve conflicts and deal with feedback? What does it mean to take ownership of your work? What are the political aspects to this business and how should we approach it? What aspects of communication technology should you embrace vs. which aspects of traditional communication should you hold on to?

This session will be particularly great for younger team members to attend. Learning valuable soft skills such as how to think from the point of view others as you're communicating, the importance of asking questions early, being on the constant lookout for opportunities to learn and be "under the wing" of those who are where you want to be, learning to teach, being vulnerable, or being proactive, among many others, will set you on a course to be able to look back on a great career.

Larry Sun has had a long and successful career, briefly retired, and is back at it again. He has many thousands of BTU's (tons, in fact) of advice

**THIS MONTH'S MEETING IS
ALL ABOUT YOUR KEY
TO SUCCESS!**

and experience to share with all of us in the HVAC/R and built environment industry.

His 32 year career as a consulting engineer as seen quite the variety of projects, clients, collaborators, employees, successes and challenges, and of course changes. His longest experience was as Principal of TK1SC (See **DINNER PROGRAM** page 2)

GREG'S BLOG

Hello ASHRAE Orange Empire! I hope all of our members have been enjoying the 2018/19 season. April is our last regular chapter meeting for the year featuring a dinner presentation, so we're hoping for a big turnout to end the season.

In addition to having a great technical and dinner session, attendance is important for our April meeting as it's the meeting when we will vote for new officers. The April meeting will be back at the Phoenix Club on April 23rd.

In addition to our dinner presentation, we will also be offering a technical session. The tech session will be Designing for Design Build, Reducing Design Time

and Contractor Costs by Darren Smith. The dinner topic will be presented by Larry Sun and will be on Soft Skills and Keys to Success...From One Person's Perspective to Another.

Just two days after our meeting will be the national *Bring your Son or Daughter to Work* day. Our board will be

participating at their places of work in one way or another.

We're very passionate about sharing engineering experiences with kids. I brought my 6-year-old to Western Allied back in September and exposed him to all the different aspects of what we do in our industry and since then all he's said he wants to be when he grows up is an engineer. Please find a way to participate on this year's *Bring your Son or Daughter to Work* day. It's one of the most rewarding things you can do to

help our youth.

I'm also proud to announce that our Chapter will receive its first ever K-12/STEM Leadership Award. Thanks to the efforts of our VP and CTTC, Ben Chesser, he was able to get our Officers to participate in the ACE (Architecture – Construction – Engineering) mentoring program for Valley HS in Santa Ana. It's a goal of the Region X Student Activities RVC (Regional Vice Chair), Buzz Wright, to get 10 Chapters in Region 10 to achieve this this year and our Chapter hopes to help him succeed.

Lastly, May's meeting will be at the Phoenix Club on May 17th. There will be no dinner presentation. We will be gathering to install our new Officers. Please come out and join us for an evening of good food and great company. Until next month, stay comfortable...

Greg Glover 

DINNER PROGRAM

(continued from page 1)

(formerly TKSC and Tsuchiyama, Kaino, Sun, & Carter, and Tsuchiyama & Kaino), having joined in 1985 and retiring in 2018. He graduated from Cal Poly San Luis Obispo as a B.S. in Environmental Engineering. He has participated in ASHRAE via various positions and committees, as co-chairman of the HVAC Industry Advisory Board at Cal Poly San Luis Obispo. 

ASHRAE ORANGE EMPIRE TECHNICAL AWARDS 2019

SUBMIT YOUR APPLICATION FOR OUR CHAPTER COMPETITION

Our board will convene and vote on each project in advance of our 51st anniversary party, in a goal to award at the party. For any projects where a board member participated, that board member is required to recuse themselves from the vote.

The different categories are:

1. Commercial Buildings (New, existing, existing commissioning)
2. Institutional Buildings
3. Health Care Facilities
4. Industrial Facilities or Processes
5. Public Assembly
6. Residential

The Regional Competition deadline is June 10. Regional leadership will review and announce winners in advance of the CRC.

Society Competition long form needs to be completed and submitted on or before August 26, 2019.

A complete list of requirements, award application forms and sample award applications are posted at www.ashrae.org/technologyawards.

CHAPTER OFFICERS

President Greg Glover
 President-Elect David Lawson
 Vice President Ben Chesser
 Treasurer Brian Sybesma
 Secretary Mary Johnson

BOARD OF GOVERNORS

Jeff Conrad Craig F. Hofferber
 Eric Decker Stephen J. Rawski, P.E.
 Ken Golovko Matthew Waller, P.E.

CRC DELEGATE

Greg Glover
